Rochelle has just turned 42 and lives alone. She had always wanted to go to school for all the wrong reasons. She loved to look at all those young, hard bodies and imagined what she could do with them for an education in a hands on approach. She was sure she could be a distraction in the right way to teach the young men a new approach on how to reach a woman in all the best places and then some. She was sure to turn a few heads at Rockford University when she went back in the fall. The books were not the only things she planned on getting to study.
