**The Turn of the Screw** Henry James

**One of the most disturbing ghost stories ever written, a tale of imagined danger and real dread**

A young governess arrives at a secluded country estate, hired by the manor's often-absent master to look after his orphaned niece and nephew. The young woman, a parson's daughter, is immediately charmed by eight-year-old Flora—and Miles, two years older, seems like a perfect little gentleman when he is unexpectedly sent home from his boarding school.

But Miles's steadfast refusal to reveal the cause of his expulsion is troubling, as are the staff's whispered stories about the previous governess, Miss Jessel, and her lover, the mysterious valet, Peter Quint, both of whom are now dead. Most disturbing of all are the spectral figures wandering the grounds of Bly that only the new governess can see: a woman and a dark man who seem to take a special interest in Miles and Flora. No longer sure of what is real and whom she can trust, the governess desperately tries to hold on to her sanity and protect the innocent children from forces too sinister to name.

A literary masterpiece whose mysteries are open to endless interpretation, *The Turn of the Screw* has been haunting readers for more than a century.

This ebook has been professionally proofread to ensure accuracy and readability on all devices.
