Listening To God's Voice Helen Hoyt

I was constantly searching for answers. Constantly asking myself “why”? Are the profound occurrences in my life simply twists of fate? Or am I driven to certain events, places and people by a moral compass? A higher power?

God makes no mistakes; he causes no accidents. My journey for deeper spiritual awareness began with me asking a series of questions. But the more I questioned the ways of the world, the more I realized that all God wanted from me was to be silent and listen.

Experience the peace of knowing you are being watched, loved and cared for, with each momentous event happening for a reason. It’s hard to believe that such a little thing - critical awareness - could make such a big difference. My story is proof that spiritual transcendence CAN happen in the modern world.
