As a student, I exactly feel bored in order to read. If their teacher requested them to go to the library in order to make a summary for some subject, they are complained. Just little students that have reading's soul or real their passion. They just do what the educator wants, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring along with can't see colorful photos on there. Yeah, it is to become complicated. Book is very important in your case.
