Political Economy: A Comparative Approach

Barry Clark

Political Economy: A Comparative Approach Barry Clark

This nontechnical book provides a comprehensive and interdisciplinary survey of political economy that can easily be understood by any reader with an introductory-level background in economics.

- Provides in-depth historical analysis of the development of political/economic ideologies and their influence on contemporary debates among social scientists as well as the general public
- Gathers ideas and policy proposals from many prominent social scientists representing divergent ideological perspectives into a single volume
- Analyzes the roles of science and ideology in the development of political economy
- Exposes students to the findings of advanced social science research in easily understood and accessible language
