Missy Malone has had a great summer, watching her friends meet wonderful guys and fall in love. She even has a wonderful guy in her own life. Trouble is, he's only in her life to mentor her son, Scot. She just has to stop daydreaming that he could be as good for her as he is for Scot. What would he ever see in her anyway? She's a broke single mom who talks too much, while he's a quiet, shy, tech genius. And besides...he has a girlfriend!

On paper, Dan Benson has a great life in San Jose. His software development company, his penthouse apartment, his car, and his girlfriend are all supposed to make him feel happy and successful. None of them do. Until he started visiting Summer Lake, he'd always been more comfortable around computers than people. These days he's comfortable hanging out with his brother, Jack, and his friends. He feels successful when he's helping Scot. Most of all, he's happier than he's ever been, when he can spend time with Missy.

Will the attraction between them be enough to overcome the differences and obstacles that stand in their way?

The Summer Lake series follows a group of friends from a small lakeside town in the California hills. They have kept in touch over the years and now, in their early thirties, their lives are drawing them back to Summer Lake and to each other.

This book is intended for adult readers 18+
