## Goethe: The Poet and the Age: Volume II: Revolution and Renunciation, 1790-1803 (Goethe - The Poet & the Age) Nicholas Boyle

When Volume I of Nicholas Boyle's biography of Goethe appeared, it received an avalanche of praise on both sides of the Atlantic. George Steiner, in *The New Yorker*, called it "the best biography of Goethe in English." Doris Lessing, in *The Independent*, called it "biography at its best." And *The New York Times Book Review* hailed it as "a remarkable achievement," adding "there is nothing comparable to this study in any language."

Now comes the second volume of this definitive portrait, published on the 250th anniversary of Goethe's birth. Here Nicholas Boyle chronicles the most eventful and crowded years of Goethe's life: the period of the French Revolution--which turned Goethe's life upside down--and of the philosophical revolution in Germany which ushered in the periods of Idealism and Romanticism. It was also a period dominated by two intense personal relationships--with Schiller, Weimar's other great poet, philosopher, and dramatist, and with Christiana Vulpius, the mother of his son. Boyle paints vivid portraits of Goethe's harrowing experiences of the Revolutionary wars, of the explosion of new ideas in philosophy and literature which for ten years made Jena the intellectual capital of Europe, and of the upheavals sparked by Napoleon which destroyed the Holy Roman Empire.

Boyle captures both the large-scale events that swept Europe and the personal dramas of this exciting time. And he offers brilliant new analyses of Goethe's works of the period, most notably *Wilhelm Meister*, *The Natural Daughter*, and *Faust*. Indeed, this volume is a major work of historical and literary scholarship, and an important biography of one of the giants of Western culture.
