Do You Want A Beautiful Saltwater Aquarium Filled With Healthy Colorful Exotic Fish?

Keeping bright, colorful, exotic saltwater fish healthy and thriving for years in a saltwater aquarium is the norm for the pros. Now YOU have the chance to learn how the experts create stunning saltwater aquariums filled with beautiful fish.

Expert Teacher

After over 25 years of working with saltwater aquariums, Lauren Schmoyer has penned his vast experience into a proven system for creating and maintaining amazing underwater paradises. This system guides you through each step, breaking down technical concepts into easy-to-understand language. It is packed with pictures to guide you through each step.

Two Popular Methods

You will find two different approaches to setting up your aquarium. The current trend in saltwater fishkeeping is to set up new saltwater aquariums using live rock, also called FOWLR (Fish-Only-with-Live-Rock). Previously, the traditional method was to decorate with dead corals and/or synthetic decorations. Both practices have their advantages and this guide takes you through a step-by-step process to assembling the saltwater aquarium of your dreams - whichever method you decide.

The Secret to Stacking Live Rock

You will learn the art to stacking live rock so that it creates underwater scenes which mimic ocean reefs. This book teaches you how the pros choose pieces of live rock and how to place and anchor these pieces. You will be able to replicate reef walls with large and small caverns through which fish can swim. You will discover secret techniques of this highly sought-after art.

Now You Too Can Be Confident

Lauren's guide will help you choose a proper filtration system and all the necessary equipment. Learn how to select hardy fish, groups of fish and invertebrates that are compatible with each other, the ins and outs of a quarantine aquarium, and even the safest way to introduce fish into your aquarium. When you have completed these sections, you will feel confident to know which fish will thrive together.

Get Expert Results

You will discover what really keeps these magnificent creatures alive and content for years as well as expert techniques to feeding and caring for your aquarium. This guide removes guesswork; allowing you to have the same amazing results as the pros.

Tips and Techniques to a Thriving Aquarium

This guide will help you build a strong foundation of saltwater knowledge, ensuring a fun and fulfilling fish keeping future. All it takes is the right equipment and expert advice to be able to select healthy fish and keep

them thriving in an aquarium.
