## **One brave step at a time**

Lieutenant Andrea Stuart survived the war-zone attack that took her fiancé. A therapy dog and a cabin in Covenant Falls are all the risks the former military nurse is willing to take anymore. But as Andy's drawn into writing the history of the small town, she's also drawn to Nate Rowland.

As rugged as he is jaded, Nate's committed to helping fellow veterans—and avoiding a new relationship. Keeping her distance might be smart, but it's hard to stay away when Andy sees that Nate has a few scars of his own. Together they might find a path toward healing...and so much more.
