Cities for Climate Protection Milestone Guide ICLEI - Local Governments for Sustainability

Inside you will find step-by-step guidance to help local governments complete the 5 Milestone for Mitigation process, including:

1. Conducting a baseline greenhouse gas emissions inventory and forecast
2. Setting an emissions reduction target
3. Developing a climate action plan to meet the target
4. Implementing actions in the plan; and
5. Monitoring and verifying emissions reduction progress

These milestones are illustrated with concrete examples from cities and counties that have undertaken these same steps. Also included in this Milestone Guide are:

- The science of global warming and climate change;
- An overview of how local government decisions can affect global warming pollution;
- Step-by-step guidance on completing each Milestone, including how to use the ICLEI CACP emissions analysis software; and
- Examples and testimonials from local government staff who have gone through this process.
