Fritzing for Inventors: Take Your Electronics Project from Prototype to Product Simon Monk

In this TAB book, bestselling electronics author Simon Monk shows maker-entrepreneurs how to use Fritzing's open-source software and services to create electronics prototypes, design and manufacture printed circuit boards (PCBs), and bring professional-quality electronic products to market.

Fritzing for Inventors: Take Your Electronics Project from Prototype to Product explains how to use this set of free, open-source electronics prototyping tools to lay out breadboards, create schematics, and design professional-quality printed circuit boards (PCBs). No engineering skills needed! Whether you're a hobbyist, artist, inventor, or student, you'll be able to develop a product from schematic to prototype to professional-quality printed circuit board, all from one easy-to-use software package. Fritzing works well with prototyping boards such as Arduino, Raspberry Pi, and BeagleBone.

This DIY guide covers the whole lifecycle of product development for a hobbyist entrepreneur. It takes you from initial concept, to prototyping, to PCB production, to distribution. Along the way, it examines the sourcing of components, product testing, and even how to price products for wholesale and retail.

- Simon Monk is a bestselling TAB electronics author and popular presenter at MakerFaires
- Well-illustrated tutorial with screen captures, easy-to-follow instructions, and step-by-step projects
- Describes an up-to-date contemporary approach to PCB design, including surface-mount designs
- Explains how to become a maker entrepreneur by using crowdfunding and indie marketplaces for technical products

From reader reviews:

Evelyn Looney:

Nowadays reading books be than want or need but also work as a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book that improve your knowledge and information. The details you get based on what kind of reserve you read, if you want attract knowledge just go with training books but if you want sense happy read one with theme for entertaining including comic or novel. The actual Fritzing for Inventors: Take Your Electronics Project from Prototype to Product is kind of book which is giving the reader unstable experience.

Bonnie Daves:

Exactly why? Because this Fritzing for Inventors: Take Your Electronics Project from Prototype to Product is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will zap you with the secret this inside. Reading this book adjacent to it was fantastic author who write the book in such wonderful way makes the content on the inside easier to understand, entertaining technique but still convey the meaning totally. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This book will give you a lot of benefits than the other book have got such as help improving your skill and your critical thinking method. So , still want to hold off having that book? If I ended up you I will go to the e-book store hurriedly.

Elda Ornelas:

Is it you who having spare time then spend it whole day by watching television programs or just lying on the bed? Do you need something totally new? This Fritzing for Inventors: Take Your Electronics Project from Prototype to Product can be the solution, oh how comes? A fresh book you know. You are thus out of date, spending your extra time by reading in this brand-new era is common not a nerd activity. So what these publications have than the others?

Jeff Keenan:

Reading a e-book make you to get more knowledge from it. You can take knowledge and information from the book. Book is composed or printed or outlined from each source which filled update of news. In this particular modern era like at this point, many ways to get information are available for a person. From media social just like newspaper, magazines, science e-book, encyclopedia, reference book, new and comic. You can add your knowledge by that book. Do you want to spend your spare time to open your book? Or just seeking the Fritzing for Inventors: Take Your Electronics Project from Prototype to Product when you essential it?
