Todos los ojos están fijados en el Medio Oriente. Israel ha lanzado con éxito su primer ataque sobre Irán destruyendo todas sus centrales nucleares y seis de sus ojivas nucleares, y haciendo que el Duodécimo Imán ordene un contraataque a gran escala. El presidente de EE. UU., William Jackson, amenaza con apoyar una resolución del Consejo de Seguridad de la ONU que condena al estado judío por actos de agresión sin provocación ni justificación.

Mientras tanto, el agente de la CIA David Shirazi se ha infiltrado en el régimen iraní y ha interceptado información que indica que dos ojivas nucleares iraníes sobrevivieron al ataque y han sido transportadas a un lugar seguro y desconocido. En peligro no solo por los continuos ataques de misiles sobre Irán sino también por la creciente hostilidad y desconfianza de los gobiernos de muchos países, Shirazi y su equipo están en una carrera contra el tiempo para encontrar las ojivas nucleares restantes antes de que llegue el desastre.

All eyes are on the Middle East. Israel has successfully launched a first strike on Iran, taking out all of their nuclear sites and six of their nuclear warheads-and causing The Twelfth Imam to order a full-scale retaliation. U.S. President William Jackson threatens to support a U.N. Security Council resolution condemning the Jewish State for unprovoked and unwarranted acts of aggression.

Meanwhile, CIA operative David Shirazi has infiltrated the Iranian regime and intercepted information indicating that two Iranian nuclear warheads survived the attack and have been moved to a secure and undisclosed location. In danger not only from the ongoing missile strikes on Iran but also from the increasingly hostile and suspicious governments of multiple countries, David and his team are in a race against time to find the remaining nuclear warheads before disaster strikes.
