Mines and mineral resources of Del Norte county, Humboldt county, Mendocino county F L. Lowell
Excerpt from Mines and Mineral Resources of Del Norte County, Humboldt County, Mendocino County

The three counties presented herewith constitute the northernmost coast group, being at the northwest corner of the State and bordering on the Pacific Ocean. Until quite recently - in fact, subsequent to writing the body of this report - the only transportation connection Del Norte and Humboldt counties had with the rest of the world was by water. Eureka, Fort Bragg and Crescent City being the principal ports. The Northwestern Pacific Railroad has now been completed. through to Eureka, giving all but the extreme northern section a direct rail route to San Francisco. A railroad connection to Crescent City is at present under construction from Grant's Pass, Oregon.

The principal industries of this district are lumbering, dairying and agriculture, the mineral output, except for Humboldt, being as yet small. The undeveloped mineral resources, however, are great, the exploitation of which is dependent mainly on improved transportation facilities.

Acknowledgment is here made of assistance rendered by the various owners of properties, both during the field work and in the subsequent preparation of this report.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
