Love at First Speed - A Gay Romance (18+):

Ethan Hamill is an accomplished racecar driver that is known to be quite the womanizer. He has one encounter after another, never actually making a connection and always feeling empty afterwards. There's something missing and the one thing that compounds that issue is the fact that he has a condition that he is keeping from everybody else on his team. That secret has him tied up in knots and each race seems to reveal a little bit more of what he's trying to hide.

He wants that happily ever after, but he has never found a woman that has wanted him for more than his money and fame. He loves the adrenaline rush of the moment, as he stares down the competition with an eagle eye and nerves of steel.

He meets Antonio Wolf, an engineer that has joined his team. For some reason, he can't get him out of his head. There are moments that he fantasizes about what it would be like to be more than just platonic friends. Those feelings escalate with brief touches and brushes of their hand on various parts of their anatomy, until they can take it anymore. Antonio is the one that introduces him to a world that he has never seen before...
