Pension Reform, Subprime Mortgages, and Online Poker: Lessons from Three Modern-Day Witch Hunts. Papa Riah

As a society, we have adopted a nasty habit of finding convenient scapegoats for our problems. Once identified for us by politicians and the media, we tend to blame these scapegoats for everything from the Chicago Fire to the latest stock market correction. We then resume our irresponsible behavior until another scapegoat is needed.

We never seem to stop and look at the obvious fact that it is our own irresponsible behavior which causes our problems. The solution is to start acting responsibly, but hey – that’s no fun, is it? Credit cards don’t get anybody into trouble all by themselves, as they sit innocently in your dresser drawer.

In Papa Riah’s latest work, he examines the three biggest political witch hunts of the last decade. Are they worthy of their public reputations? For many Americans, this will be your first chance to get the real facts and finally develop an informed opinion on these matters.
