## **BIM Collaboration with Autodesk Navisworks: Part of the Aubin Academy Master Series, covers version 2015** Mr. Paul F Aubin, Mr. Darryl McClelland

So you have completed your project model and feel a sense of relief. But should you? What now? What conflicts could be potentially discovered in the field costing you time and money to address? How can you reduce your liability for those errors and/or omissions? Maybe you are responsible for the coordinating all disciplines work for the project. How can this be done and identify potential conflicts before they happen to ensure that the schedule is met? Navisworks can help address all those concerns. Navisworks is a model aggregator that can combine various different file formats to create an overall project model thus allowing you to fully coordinate multiple aspects of your project. The Aubin Academy Master Series: BIM Collaboration with Autodesk Navisworks is the ideal book to help readers get started with and successfully use Navisworks. This book touches on the collaboration aspect of the Building Information Model. The goal of each lesson is to help the reader complete the collaboration of their projects successfully. Navisworks tools are introduced in a focused process with a strong emphasis on “why” as well as “how”. The text and exercise seek to give the reader a clear sense of the value of the tools, and a clear indication of each tool’s potential. In addition, there are Quick References for a few of the Navisworks tools contained herein. The Aubin Academy Master Series: BIM Collaboration with Autodesk Navisworks is a resource designed to quickly get you “up to speed” on Navisworks, shorten your learning curve, raise your comfort level, and more importantly give you real-life practical advice on the usage of the software in order to help with project collaboration. Empowered with the information in this book, you will have insight into how to use Navisworks to better coordinate your projects.
