In *I Saw You in Beirut*, a mysterious source of leaks on the Iranian nuclear industry, known only as F, sends an email from Tabriz: *Help. Contact Almquist*. Intelligence sources determine the message refers to Sara Almquist, a globetrotting epidemiologist, and seek her help to extract F from Iran. As Sara tries to identify F by dredging up long-forgotten memories about her student days at the University of Wisconsin-Madison and her work in Lebanon and the Emirates, groups ostensibly wanting to prevent F's escape attack her repeatedly. However, she begins to suspect her current friendship with Sanders, a secretive State Department official, is the real reason she's being attacked.
