Logic

Stan Baronett

Logic Stan Baronett

Featuring an exceptionally clear writing style and a wealth of real-world examples and exercises, *Logic*, Second Edition, shows how logic relates to everyday life, demonstrating its applications in such areas as the workplace, media and entertainment, politics, science and technology, student life, and elsewhere.

Thoroughly revised and expanded in this second edition, the text now features 2600 exercises, more than 1000 of them new; three new chapters on legal arguments, moral arguments, and analyzing a long essay; enhanced pedagogy; and much more.

FEATURES

- * **2600 exercises--more than 1000 of them new--**breathe new life into logic
- * **Real-world examples** help bring logic down to earth for students
- * **A unique, extended explanation or model of the answer to the first question of each "Check Your Understanding" section** shows students what is expected of their answers
- * **An additional 25% of the exercises are answered** at the back of the book
- * **"Profiles in Logic"** provide short sketches of logicians, philosophers, mathematicians, and others associated with logic
- * **"Logic Challenge" problems** present puzzles and paradoxes that end each chapter on a fun note
- * **Additional pedagogical elements--marginal definitions, key terms, a glossary, reference boxes, and bulleted chapter summaries--**make the material even more accessible
- * **Detailed guides** help students learn to create "truth tables" and Venn diagrams

SUPPORT PACKAGE

An Instructor's Manual with Computerized Test Bank on CD includes:

Solutions to all exercises in the book, enhanced by explanations and answers that elucidate the details of the correct answers

Key Terms and a summary for each chapter

A customizable Computerized Test Bank--with multiple-choice, true/false, and fill-in-the-blank questions--that allows instructors to give exams or homework problems that can be auto-graded

A traditional "pencil-and-paper" Test Bank and answer key containing the same questions as the

Computerized Test Bank

PowerPoint-based lecture outlines

The Instructor's Manual with Computerized Test Bank and the traditional Test Bank are also available in printed format.

A Companion Website offers:

Instructor Resources (password-protected):

A downloadable version of the Instructor's Manual (except for the Test Bank and the exercise solutions)

PowerPoint-based lecture outlines

Student Resources:

Brief chapter summaries

Interactive Flash Cards with key terms and definitions

Web links and other media resources

Practice quizzes with answers and explanations (includes questions answered in the book and new, original questions)

The Learning Management System Cartridges include, in a fully downloadable format:

Instructor's Manual and Computerized Test Bank (exams and homework problems can be auto-graded)

Student material from the companion website

The Perfect Text for Your Course . . . No Matter How You Teach It

Your course is unique; you have your own teaching philosophy and style. Whether you teach traditional Introduction to Logic, Critical Thinking/Informal Logic, or Formal Logic, Baronett: *Logic*, Second Edition, can be tailored to fulfill your course needs.

We'll make it easy for you; choose one of our Alternate Editions or build the book you want, chapter by chapter.

From reader reviews:

Enrique Flora:

As people who live in the actual modest era should be upgrade about what going on or info even knowledge to make them keep up with the era that is certainly always change and move ahead. Some of you maybe will probably update themselves by looking at books. It is a good choice in your case but the problems coming to an individual is you don't know what one you should start with. This Logic is our recommendation to make you keep up with the world. Why, because book serves what you want and want in this era.

Stanley Wells:

People live in this new moment of lifestyle always try to and must have the free time or they will get wide range of stress from both everyday life and work. So , once we ask do people have extra time, we will say absolutely yes. People is human not a robot. Then we ask again, what kind of activity are there when the spare time coming to an individual of course your answer will certainly unlimited right. Then do you ever try this one, reading publications. It can be your alternative within spending your spare time, the book you have read is actually Logic.

James Stumbaugh:

Reading can called head hangout, why? Because if you find yourself reading a book specifically book entitled Logic your head will drift away trough every dimension, wandering in every single aspect that maybe mysterious for but surely might be your mind friends. Imaging each word written in a publication then become one type conclusion and explanation which maybe you never get prior to. The Logic giving you yet another experience more than blown away your head but also giving you useful information for your better life in this era. So now let us teach you the relaxing pattern here is your body and mind is going to be pleased when you are finished reading through it, like winning a sport. Do you want to try this extraordinary investing spare time activity?

Deborah Anderson:

You could spend your free time to see this book this guide. This Logic is simple to deliver you can read it in the playground, in the beach, train along with soon. If you did not have got much space to bring the particular printed book, you can buy the e-book. It is make you quicker to read it. You can save often the book in your smart phone. Therefore there are a lot of benefits that you will get when one buys this book.
