In short: comics are emphatically no longer just for kids. This diverse, constantly evolving medium is truly coming into its own in the 21st century, from Hollywood's blockbuster adaptations of super-powered caped crusaders to the global spread of Japan's manga and its spinoffs, and from award-winning graphic novels such as *Maus* and *Persepolis* to new forms such as online webcomix. This volume is the perfect introduction to a dynamic and globally popular medium, embracing every graphic genre worldwide to assess the very best works of sequential art, graphic literature, comics, and comic strips, past and present.
