Applied Calculus for Business, Economics and Finance Warren B. Gordon

Applied Calculus for Business, Economics, and Finance is a combination of the authors' two previous texts Precalculus and Elements of Calculus and Applied Calculus. This single text may be used to cover the content of an applied calculus course for non-science majors. Continuing the approach used in its precursor texts, Applied Calculus for Business, Economics, and Finance features the integration of precalculus with the calculus as well as the integration of technology with both subjects.
