ISO 9001:2000 Audit Procedures

Ray Tricker

ISO 9001:2000 Audit Procedures Ray Tricker

In order to meet the recommendations, requirements and specifications of ISO 9001:2000, organisations must undertake an audit of their own quality procedures and those of their suppliers. Likewise, when supplying ISO 9001:2000 accredited customers, suppliers must be prepared to undergo a similar audit. Revised, updated and expanded, *ISO 9001:2000 Audit Procedures* describes the methods for completing management reviews and quality audits, and outlines the experiences of working with 9001:2000 since its launch in 2000. It also includes essential new material on process models, generic processes, the requirements for mandatory documented procedures, and detailed coverage of auditors questionnaires.
