EMBRYO: A Raney & Levine Thriller (6 Book Series) J.A. Schneider

From Book 1: “Maria Moran’s first inkling of trouble was the coppery taste in her mouth. It came suddenly, a rushing whoosh of something that made her gag, and when she reached to wipe her mouth, her hand came away smeared with blood.”

So begins this thriller about a young intern, Jill Raney, determined to investigate tragedies and terror at a famous fertility and genetic engineering hospital. When two pregnant women die and a fetus is delivered with severe chromosomal abnormalities, Jill’s superiors - including handsome, smitten-with-her resident David Levine – insist there’s no common link.

But her suspicions deepen with the grotesque murder near the hospital of another pregnant woman - her belly drained of amniotic fluid. And when a woman miscarries in the hospital and then disappears, Jill frantically searches for her - following a terrifying path that seems to link all the victims: Is someone playing with life...and the structures of human life itself?

An unforgettable tale of suspense with a shocking denouement, Embryo takes you deep into the mind of malignant genius.
