## **Sexualities: Identities, Behaviors, and Society** Michael Kimmel

Featuring a variety of readings, this interdisciplinary anthology addresses such key questions as: How are sexualities socially constructed? Why are sexualities more than just natural "urges" or "drives"? and How are sexualities personal, social, and political? *Sexualities: Identities, Behaviors, and Society*, Second Edition, focuses on gender, using multiple disciplines, international populations, and theories to explore sexualities. Edited by Michael Kimmel and the Stony Brook Sexualities Research Group, the readings--including several written specifically for this volume--will grab students' attention. Topics range from the motivations of X-rated movie stars to vibrator use to gendered sexual fantasies. The text considers same-sex orientation, people of color, and global populations throughout.
