Somebody Should Have Told Us!

Jack Pransky

Somebody Should Have Told Us! Jack Pransky

Bringing his trademark knowledge of principles for living, Dr. Jack Pransky's latest literary work has the ability to change the lives of those who follow the simple, yet powerful, wisdoms stored in this book. If what you seek is a better, more joyous way of being, what is contained in these pages can indeed transform your life.

Unlike listening to Dr. Phil, Dr. Laura, or Dr. Joy Brown, this book contains no advice. It offers no skills, nor any techniques. Initially, to some this may be disconcerting, but advice, skills and technique all reside in the outside world. This book contains something far more valuable. True change happens only from within, from one's own insight. It is far more comforting to realize there really is nothing to do because we already have everything we are looking for inside us, and it is always available to us no matter what difficult life situations we encounter if we know how to access it. This book points people in the direction of true self help.
