Southern Exposure: Making the South Safe for Democracy Stetson Kennedy

Using thorough and stark statistics, Kennedy describes a South emerging from World War II, coming to grips with the racism and feudalism that had held it back for generations. He includes an all-out Who's Who, based on his own undercover investigations, of the "hate-mongers, race-racketeers, and terrorists who swore that apartheid must go on forever." The first paperback edition brings to a new generation of readers Kennedy's searing profile of Dixie before the civil rights movement.
