I was always fascinated by the saying, mind over matter. When I had this sudden urge to dig deeper into the spiritual realm, I really wanted to find truth. My human experiences must have meaning! My mental, emotional, and spiritual experiences lead me to believe that most humans are sleeping while here living there lives. Not aware that there is a part of us all that is cosmic, that is higher than this physical experience, forgetting that we are god just living a story that was planned and written before we decided to come here. I wanted to know why I was this way, what is the difference between my spirits nature vs my humanity. What makes us just human and what makes us GOD as pure spirit. I wanted to find balance.
