No one knows Brody's secret and Dani plans to keep it that way.

It's been seven years since the first plague. Things seem safe - until the river runs red and the blood-filled waters set off a series of catastrophic events. Seeking refuge once again, Dani and her group make their way back to Tent City, unsure of what the future holds.

Can Dani keep Brody safe long enough to fulfill the prophecy? Who can she trust? Will she be able to bring down The Council before they destroy what she holds most dear? With the plagues looming, is there a bigger threat than just The Council?

In the midst of chaos, Dani finds love, but is forced to choose between two brothers - the one who can't live without her and the one she has promised herself to - knowing the decision could destroy their relationship forever.

Red River is the second book in the Tent City series. It is a young adult dystopian novel of biblical proportions set in the Black Hills of South Dakota.
