Rediscover the Absolute Inner Knowing Hidden Within You

More than a book, *Beautiful Reminders* is an experience. It allows readers to stop the external noise and remind themselves of their true knowing, the essence of their beauty and the soulful chime from deep within. It is a reflection upon their true spirit.

What sets *Beautiful Reminders* apart from other collections of affirmations and photos is it is not a self-help book but rather a physical, real gathering of thoughts, feelings and inspirations that help the reader retain the connection to the true essence of life.

In the spirit of Hafez, a 14th century Persian poet and singer of the soul, this book captures whispers of life and releases them into the reader's consciousness. These quotes and photos will open your mind while others will open your heart. They continue to act as living, breathing tools of enlightenment, remembrances of what is truly important.

"This beautiful book is a must for anyone who knows the power and wisdom that can come from a seemingly simple quote. What a great resource for anyone who wants to lead themselves and others toward a greater sense of purpose."

~**Bob Proctor**, Best-selling Author of *You Were Born Rich* and star of *The Secret*

"Keep this fabulous book close by so for immediate inspiration and clarity. I highly recommend it!"

~ **Peggy McColl**, New York Times Best-Selling Author

"This collection of inspirational passages with beautiful photos brings us many important thoughts that can inspire us to live our lives well and contribute to the world around us. It is very inspirational, spiritual and brings peace to one's soul. The quotes give you a way to change your perspective and help you choose a better way to start the day. I know I will be keeping this book to reference time after time and recommend it to readers of all ages."

~**Judy O'Beirn**, Creator and Co-author of International Bestselling book *Unwavering Strength*

Note From Author

During my travels I found myself wanting to memorialize particular moments, feelings or moods as I felt myself drawn to a message from the mother earth or a memory gone-by.

Sometimes, the prose is inspired by the photos, while at other times the prose inspires the photos. There is a dance of sorts between the two. I hope you enjoy these captured moments and allow them to transport you to another time and place, while remaining grounded in the here and now.

I am not a professional photographer. I only used the pure and natural light of the moment and the object of the image before me. Each photo in this book was captured on my handheld phone.

Blessings to you dear ones.

All photographs were produced and are owned by the author.
