The Soulful Money Manual: 9 Keys to Being Effective, Happy and at Peace with Money Richard Mitz
An entertaining fable where he discusses with God the simple keys to make money easy to acquire...

Richard Mitz was at a crossroads. After a lifetime of worrying about money, he knew he had to do something different. As with most people, no matter how little or how much money he had, he was never satisfied. He was never at peace with wealth and certainly never happy. Mitz decided to take action and change his behavior -the result is The Soulful Money Manual, a nine-step plan for creating a relationship with money that produces peace and happiness.

Based on ancient universal principles that have existed for centuries and taught by many religions, these steps truly work. The Soulful Money Manual is a concise, delightful book-part spiritual advice, part financial planning-and a treasure trove of practical information to make money work for, not against, you.
