The First Bird, Episode 3 Greig Beck

Matt Kearns and the remnants of the scientific team return to a ravaged America. Modern medicine has failed to halt the spread of the flesh-consuming parasite, and humans have been forced to hide, even from one another.

The infected roam the cities and suburbs of a ruined nation. But the devastating effects on human physiology are only the beginning. Something has been let loose, something that the team were not prepared for - human nature itself.

Matt and Carla must make it back to the CDC headquarters, crossing the apocalyptic countryside that proves every bit as dangerous and deadly as the South American jungle. The race is on to test their eradication cure, before their world suffers the same fate as that of the giant saurians of prehistory.

But there is something they don't count on - the solution has a high price. If they don't use the cure it means the end of mankind, but what if the remedy is worse than the disease?
