Italian-born Ettore Bugatti, well known for the beauty of his designs, brought grandeur to the world of automobiles. In 1909 he founded the company that would make the high-performance car that would bear his name. But the car line foundered and the company found itself manufacturing airplane parts in the 1960s. This beautiful book describes the legendary car, model stats, and how the Bugatti line has made a comeback in the last decade having been revived by Volkswagen with new models: EB 218, Chiron, and Veyron.
